You acknowledge and agree that Navigator and/or its affiliates may at any time or from time to time receive a fee and/or commission for Transactions from the fund managers or distributors of the relevant Funds.
- (d) The current rates of all fees and charges may be obtained from Navigator or from the Website. EXPLANATION OF TERMS IN THE SCHEDULE

(1) Upfront Fee

An upfront fee (as a percentage of the investment) is deducted from the monies invested by you and paid to Navigator before the investments you have selected in your investment application are acquired. The upfront fee to be charged in respect of a sub-account shall be subjected to any maximum limit on front-end loads or sales charges prescribed by any competent authority from time to time.

(2) Switch Fee

A switch fee (as a percentage of the switch amount) is deducted from the switched out amount before investment into the new funds and paid to Navigator.

(3) Ongoing Fee

An ongoing fee will be charged on a quarterly basis, or part thereof, on the value of your investment ("Value") which shall be the aggregate of the average unit holdings of each fund within your sub-account multiplied by the average pricing information of each such fund for the relevant period, available at the last day of each quarter.

Navigator may also deduct the ongoing fee when you effect any transaction under your account, in which case, the applicable pro-rated ongoing fee will be charged on the Value based on the average pricing information for the pro-rated period available at the date of the transaction. The ongoing fee to be charged in respect of sub-account shall be subjected to any maximum limit prescribed by any competent authority from time to time.

The ongoing fee comprises of the ongoing adviser charge percentage you agree with your financial adviser for the respective period of the relevant sub-account and the platform fee.

The platform fee is an annual fee charged for the provision of services and/or administration of investment products.

You may, as agreed with your financial adviser change your ongoing adviser charge percentage for any sub-account and such change will take effect from the date the Company accepts your request.

(4) Administration/Service Fee

Navigator may charge administration/service fee for the provision of services and/or administration of your investments under the relevant sub-account on such periodic or other basis as it may determine. Such fees may be subjected to change at any time and from time to time.

Please refer to the website for the type, rate and frequency of any administration/service fee currently imposed.

(5) Other Charges

For funds, upfront entry and exit fees of fund managers as disclosed in the relevant prospectus may not apply to you. In some funds, there may be a difference between the buying and selling unit prices, which represents the upfront entry fees of the relevant fund managers. This may apply to your investment. Other fees and charges, in addition to the usual annual management fees, trustee fees, audit fees, etc may be payable to your investments according to the rates as may be disclosed in the relevant prospectus or as charged by the relevant fund managers.

WHAT THE COMPANY PAYS TO YOUR FINANCIAL ADVISER

If you choose to invest, all upfront fee, switch fee and ongoing fee (less platform fee and administration/service fee) that is deducted from your account will be paid as commission by Navigator to the financial adviser who provided financial advice and recommended the investment to you. Navigator may, as agreed with your financial adviser, also pay any other commissions from any new fees charged by Navigator implemented under any sub-account to your financial adviser.
